| DVIAI2-TQ-IAILOI-0000/  | Mummolo, Jonathan   | -  | The Defense Logistics Agency (DLA) now publishes property books listing all tracked equipment currently in the  | Granted in full  |
|   |   |  | possession of participating law enforcement agencies (LEAs)   |  |
|   |   |  | that was obtained through the 1033 program. However,  |  |
|   |   |  | certain equipment is not required to be tracked after a   |  |
|   |   |  | certain amount of time, and agencies have the option to   |  |
|   |   |  | return or transfer obtained gear. Agencies can also be  |  |
|   |   |  | terminated from the 1033 program. This means that the   |  |
|   |   |  | current property book likely excludes agencies that at one time participated in 1033, as well as agencies that still  |  |
|   |   |  | possess 1033 equipment which is not tracked. I therefore  |  |
|   |   |  | request the following:1. A list of all law enforcement  |  |
|   |   |  | agencies (LEAs) that have ever received property via the  |  |
|   |   |  | 1033 program since the program's inception, regardless of   |  |
|   |   |  | whether they currently participate or currently possess   |  |
|   |   |  | property that is tracked by DLA. This list should include the   |  |
|   |   |  | agency's full name and location (state).2. The start and end  |  |
|   |   |  | dates of each agency's participation in the program   |  |
